## SALES BULLETIN

**TOPIC: NEW SL-75 PRODUCT VIDEO**  
**TO: SWAPLOADER DISTRIBUTORS**

SwapLoader is pleased to announce the release of our new SL-75 product demonstration video. The new SL-75 video is designed to assist with demonstrating all the new product features and benefits that this hoist brings to market. We are especially excited about our EXCLUSIVE SwapLoader Power Pack system. The Power Pack requires NO pto or pump for operation and is able to perform at the same load capabilities and speed requirements as you get with our other hoists. The video is available on our SwapLoader web site or YouTube channel. Please copy the links below and paste them into your browser address bar to view the video in either English or Spanish.

Copy into browser for the ENGLISH SL-75 Video (YouTube):

We hope that you find value and utilize these new sales tools as you promote the new SwapLoader SL-75 model to the class 4 truck market.

Please contact your SwapLoader Regional Sales Manager for further information.

Regards,

Matt White  
VP, General Manager
